Dear Mr. Collier

This is Mrs. Robert Law writing to you. My Son Hiker A. Law brought to me this morning your letter to him concerning the Greene and Law families. He asked me to tell you what I know about them. Frank Greene was buried in Bainbridge. His grave is in Judge Joseph Law's lot. It is marked with marble and has an individual iron railing around it. There will be no trouble finding the grave should you go to Bainbridge. He died from fallon fever during the epidemic there in 1873. Judge Joseph Law who married your Aunt Ann C. Greene died in 1868 leaving four children. Rebecca, Robert, Mary and John Greene (the only one of the children with a middle name) Rebecca married Frank H. Hopkins and live in Thomasville. She is a widow has no children born in 1851. Her address is 116 South Dawson St. Mary married Edwards H. Baker from Ga. and lived there. born in 1854 died 1902 leaving a girl (Helen Law Baker)

who always lived with her aunt Rebecca. She (Helen) married in 1915 Stem D. Tittle from some northern state - She still lives with her aunt, Rebecca. John Greene the youngest son died in 1882 from Typhoid fever. in his 24th year. A fine, dependable man. My husband, Robert Lane died in 1912 in his 59th year. He left three children, Joseph, Hilkes A. and Annie Jones. My maiden name was Celena E. Jones. Our oldest son Joseph lives in Waynesboro is a Lawyer and Ordinary of Burke Co. He married Miss Carrie Lane of Americus Ga. Hilkes A. lives in Waynesboro. Married Miss Estelle Benson of this Co. They have two boys, Hilkes & Bob. His business is planting on old plantations in Burke & Jenkins Counties. The plantation you mention Called the Bob Lane place, is the one my husband planted when he was in his teens. after the death of his father, Judge Joseph Lane, his mother (your Aunt) moved from Bainbridge back to Wilkinson Co. to be near her brothers - James and Charles Greene, where they only remained a year or two and returned to Bainbridge - I notice you spell the name Green. Since being in the family, I have always heard that they didn't claim him with any Green that didn't spell it Greene. as they are the

lineage of Nathanl Greene. perhaps the younger members of the family don't pay as much attention to this as the older heads.
Tom Great Grandfather must have been a man of wonderful adaptable abilities to have raised so large a family and given each child a full College course and all of it gotten from the red hills of Upson Co. I hope you will understand my information to you. 'tis meager but come to see me and talk it over. Thomas W. Greene is my Children's Great Grandfather as well as yours, so why not know each other better? The members of the Greene family that I have met are congenial, lovable people and any blood that was mixed with my husband's has a tie for me. Hoping sometime, somewhere soon, you will make your Ga. kinfolks and their Children - & yours

Yours Cordially
